Subject: Region 3 Conference Call Weekly (Is this enough)

PRD Briefs Region 3 State Lead Agencies on the Rodenticides Notice of Intent to Cancel (NOIC).

On Wednesday February 27, 2013, PRD updated Region 3 state lead agencies, via teleconference, on the recently issued NOIC for 12 D-Con rodenticide products. EPA issued an NOIC for 12 D-Con rodenticide products in late January, 2013 because these 12 products no longer meet OPP's standard for registration in that they cause unreasonable adverse affects to health and the environment. A Federal Register Notice containing the NOIC published on February 5, 2013, and the registrant of the 12 products, Reckitt Benckiser will have 30 days to request a hearing or the cancellation goes final.
